

Keeping electronic information safe

Encrypted email

Midland National's email encryption product is Zix. This email protection makes it seamless for you to receive, read, and reply to all encrypted email communication we send you.

If you are already a ZixCorp customer receiving secure emails from another company, you will need to create a separate username and password for the Midland National portal.

If you are not currently a ZixCorp customer, you can wait until you receive a confidential email from our company through the Secure Message Center. Use this first message to set up your Zix account. Please visit the online documentation for instructions for setting up email encryption through Zix.

Questions? Contact the Zix support team.

Why is secure communication important?

Agents provide much needed financial protection for clients. It's important to make sure delivering that protection is safe and secure as well.

- Midland National uses ZixCorp to send emails securely, and agents can also use this system. Emails sent to clients need to be protected if they contain sensitive or private information.
- Emails containing any information (forms, Social Security numbers, policy numbers, etc.) that could be used to help a hacker gain access to your client's personal information should be sent via secure email.
- Agents can log into the ZixCorp system to send a secure email to their client. The client will need to create a ZixCorp account to view it, but this is a simple process similar to most online log-in pages clients encounter in their day-to-day lives.

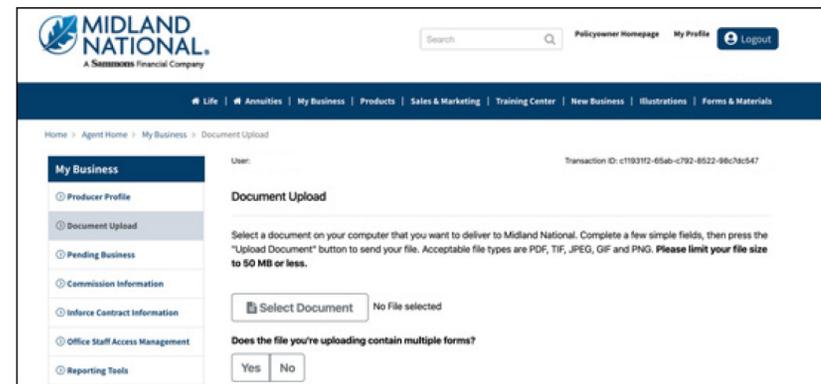

ZixCorp is not affiliated with Midland National.

Sammons FinancialSM is the marketing name for Sammons[®] Financial Group, Inc.'s member companies, including Midland National[®] Life Insurance Company. Annuities and life insurance are issued by, and product guarantees are solely the responsibility of, Midland National Life Insurance Company.

Secure document upload

Midland National makes it easy for you to upload documents with personal information on our website: MidlandNational.com.

Under the My Business tab, click "Document Upload" and follow the prompts.

The screenshot shows the Midland National website interface for document upload. At the top, there is a search bar and navigation links for "Policyowner Homepage", "My Profile", and "Logout". Below this is a dark blue navigation bar with links for "Life", "Annuities", "My Business", "Products", "Sales & Marketing", "Training Center", "New Business", "Illustrations", and "Forms & Materials". The main content area is titled "Home > Agent Home > My Business > Document Upload" and includes a transaction ID: "c1193173-65ab-c792-8522-98c76d547". On the left, a "My Business" sidebar lists options: "Producer Profile", "Document Upload" (selected), "Pending Business", "Commission Information", "Inforce Contract Information", "Office Staff Access Management", and "Reporting Tools". The main area is titled "Document Upload" and contains instructions: "Select a document on your computer that you want to deliver to Midland National. Complete a few simple fields, then press the 'Upload Document' button to send your file. Acceptable file types are PDF, TIF, JPEG, GIF and PNG. Please limit your file size to 50 MB or less." Below the instructions is a "Select Document" button with the text "No File selected". At the bottom, there is a question: "Does the file you're uploading contain multiple forms?" with "Yes" and "No" buttons.
