1. Subject to premium payment requirements.

2. This feature allows your client to fully surrender the policy during a 60-day window following policy anniversaries 15, 20, or 25 and recover all or a portion of the total premiums paid less any policy debt or withdrawals, including withdrawal charges and processing fees. If your client has previously elected to accelerate the death benefit, the total premiums will also be reduced by the same portion that the death benefit was reduced at the time of that election.

3. If the policy has a Premium Guarantee Rider attached to it, such rider will be terminated upon the election of the Protected Death Benefit. The Protected Death Benefit cannot be elected if the Over loan Protection Benefit is in effect.

4. To the best of our knowledge, this feature is not available for products outside of Sammons Financial Group Companies.

5. Accelerated Death Benefits are subject to eligibility requirements. There is no additional Monthly Deduction or premium charge for the Accelerated Death Benefit Endorsement. However, the actual payment received in connection with any acceleration will be discounted and is lower than the Death Benefit amount accelerated. In addition, there is an administrative fee required each time an Election is made.
